A personal invitation to all parents in the Diocese:

This is a providential moment for the education of your children...

By personal invitation I invite the parents to motivate and care about Catholic education for your children. This is the opportune time to consider and invest in Catholic education for your children.

We have two Catholic schools in the Diocese and your children have the opportunity to enroll in our schools. Our Catholic schools have a higher level of education, gives you the discipline how to be Catholic, knowledge of the Catholic faith, and learn by integrating with high-quality studies. Your children's Catholic morality and spirituality will be objects of Christian formation.

Parents have the responsibility as Christians and Catholics, and the Catholic school is the best resource to meet this moral obligation.

Every Catholic family has the right to Catholic education: Enroll your children in one of our Catholic schools.

For your personal invitation,

*+ Plácido Rodríguez, CMF.
